OFFICE ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 1-3 are rejected under 35 U.S.C. 102(a) as being anticipated by Waarts et al. (6298187).

Claim 1, Fig.8-9 show fiber laser unit comprising a plurality of fiber lasers 11-12 that generate laser beams by exciting a laser active substance inside cores by exciting light P1-P2, propagate the laser beams inside the cores and output from the ends thereof, wherein

each of the fiber lasers has a resonator structure (803, 814, 816) that reflects a laser beam on both ends; and

the cores of the fiber lasers are made proximal to each other at a part, and by using a laser beam outputted from the inside of the core of an arbitrary fiber laser, injection synchronization is carried out inside resonators of other fiber lasers, and among the plurality of fiber lasers, a loss (at 822) is applied to ports of the fiber lasers except for one fiber laser.

Claim 2, col.15, l.13-25 discloses each of the fiber lasers has a structure in which a part of the cores is reduced in diameter, and the cores are made proximal to each other at the core diameter reduced portion.

Art Unit: 2828

Claim 3, col.15, l.13-25 and Fig.8 disclose the diameter reduced portion and the proximity portion are formed by an optical fiber coupler 822.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
